That's right in front of In n Out and is used a lot, it seems to me. The folks at City Hall need to understand that Westchester is a community that doesn't want to be subservient to any and every kind of traffic enhancing device they can conceive of, to the detriment of our pedestrian customers / visitors. I haven't asked the BID Board specifically but will if you'd like. I think that they will be opposed.

Hello All,

The Department of Transportation is considering the removal of the crosswalk at 92nd and Sepulveda due to low pedestrian volume and major concerns about visibility as well as safety issues. Does the BID have any thoughts on this possibility?

Kind regards,
